Self-Advocates Becoming Empowered Conducting Experience Survey

Self-Advocates Becoming Empowered (SABE) is collecting the personal experiences of voters with disabilities for the 2020 Election in the "2020 GoVoter Experience Survey." Learning about these experiences helps election officials and others improve their voting services and helps disability organizations know where to focus their voter education. The survey is available in English and Spanish in an easy to follow format. The survey is also available in hardcopy for voters who do not have access to a computer.

Please contact Juliana Huereña at: julianahuerena@sabeusa.org or Essie Pederson at: essie.pederson@gmail.com with any questions.
